AMERICAN & FOREIGN PATENTS

R. H. EDDY.

SOLICITOR OF PATENTS.

Late Agent of U. S. Patent Office Washington, (under the Act of 1837.)

76 State Street, opposite Kilby Street,

BOSTON,

AFTER an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain France, and other foreign countries. Caveats, Specifications, Bonds, Assignments, and all papers or Drawings for Patents, executed on liberal terms, and with despatch. Researches made into America or Foreign works, to determine the validity or utility of Patents or Inventions—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

The Agency is not only the largest in New England, but through its inventors have advantages for securing Patents, of ascertaining the patentability of inventions unsurpassed by, if not immeasurably superior to any which can be offered them elsewhere. The Testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional services so moderate. The immense practice of the subscriber during twenty years past has enabled him to accumulate a vast collection of specifications and official decisions relative to patents.

These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.

All necessity of a journey to Washington, to procure a patent, and the usual great delay there, are here saved inventors.

TESTIMONIALS:

"I regard Mr. Eddy as one of the most capable and successful practitioners with whom I have had official intercourse.

CHARLES MASON,

Commissioner of Patents.

I have no hesitation in assuring inventors that they cannot employ a person more competent and trustworthy, and more capable of putting their applications in a form to secure for them an early and favorable consideration of the Patent Office. EDMOND BURKE,

Late Commissioner of Patent.

Mr. R. H. Eddy has made for me THIRTEEN applications, on all but ONE of which patents have been granted, and that is *now pending*. Such unmistakable proof of great talent and ability on his part leads me to recommend *all* inventors to apply to him to procure their patents as they may be sure of having the most faithful attention bestowed on their cases and at very reasonable charges" JOHN MAGAGFT.

During eight months the subscriber, in course of his large practice, made on *twice* rejected applications SIXTEEN APPEALS, EVERY ONE of which was decided in *his favor*, by the Commissioner of Patents.

A NEW MUSIC BOOK;

OR THE

New York Musical Review.

FOR NOTHING!

We have in press, and shall publish in October, "ASAPH, OR THE CHOIR BOOK;" a new collection of Church Music for Singing Schools and Choirs, by Dr. Lowell Mason. Dr. Mason's last similar work, published in 1854, reached the enormous sale, in its first year, of over 54,000 copies, which is; we are confident, the largest sale ever enjoyed, in its first season, by any Church Music Book by a single author. The work now in press will embrace *nearly all new matter* culled with great care from numerous sources, such, as it is believed, will be of the highest interest to Choirs and Singing Schools. Its Singing School Department is more extensive and complete than in any previous work, being indeed, a complete work in itself, and forming an extensive collection of secular music, the words, as well as music, to which, are nearly all quite new. Retail price, one dollar.

We publish, also, THE NEW YORK MUSICAL REVIEW, a fortnightly journal of sixteen quarto pages, including four pages of choice music in each number, with twelve pages of reading matter, including frequent articles from the leading musicians of the country, with all the musical news, &c., &c. Subscription, $1,00 per annum.

In view of the present hard times, and with the purpose of obtaining a wide circulation for specimen copies of Dr. Mason's new work, we are induced to make the following liberal offer, viz.: To every one sending us, before 1st November, one dollar, (the price of subscription to the Review,) we will furnish the paper for a year, and also, as soon as issued, a copy of Dr. Mason's new work above announced, thus giving two dollars' worth for one. Those desiring the book sent by mail, must inclose twenty-four cents, to pay postage, in advance.

A CHALLENGE AND A REWARD

$500 REWARD.

I BEG LEAVE to inform my friends and the community, that from recent arrangements made by me, I NOW offer the above reward in good faith, which shall be paid in cash to any chemist or physician, of good and responsible standing in the State, who, on due analysis and satisfactory evidence, can find anything in the BRANDIES, WINES, GINS, &c., &c., NOW for sale by me as pure, other than is found in all PURE, GENUINE and UNADULTERATED ARTICLES.

Knowing, from experience, that our citizens in general labor under the impression, with good cause, that pure liquors cannot be had, I, after much pains, studious investigation, and from the reliable source with whom I NOW contract for my supplies in these articles, do stake my reputation as a man, my integrity as a merchant, that if the liquors NOW sold by me as pure "are not so," then none can be had from the vineyards in France or from any part of the world. As a proof of my sincerity, I challenge chemical contradiction, and invite all to come and test for themselves, when they will learn that NOW, "if never before," pure liquors can be purchased in Newport, by bottle or measure, for medicinal or family purposes, as cheap as in any other place in these United States.

WM. ALDERSON, Newport, R. I.

N. B.—The main inducement for all to give me a call is, that my figure for the genuine article is rather less, than more, than is NOW charged for the handsome labeled bottled compounds so extensively sold all over the country. a25

STATE OF RHODE ISLAND AND PROVIDENCE PLANTATIONS.

EXECUTIVE DEPARTMENT, }
Providence, July, 5, 1862. }

A PROCLAMATION.

CITIZENS OF RHODE ISLAND:—In the present crisis of our national affairs, no good Union-loving citizen can look upon passing events with apathy and indifference. We are confronted by a bold, unscrupulous and unprincipled enemy in the field, *in great strength*, who, with almost barbarian ferocity, makes war on our Government and our institutions; who would destroy our liberties, and reduce us to the condition of serfs of a military despotism. *To triumph at once over this lawless horde of rebels*, and to restore peace and prosperity to our now distracted country, the Government absolutely requires an augmentation of our military force. RHODE ISLANDERS! you will readily and joyfully respond to this call. Let no consideration stand between us and the duty we owe to our country. Let no sacrifice be thought too great to be offered on the altar of our country. Carry out the good work you have so nobly begun, and so nobly prosecuted; and by all means, let us give to the great and glorious cause all the aid the exigencies demand. More troops are wanted. Let them be furnished forthwith. WM. SPRAGUE.

SIEGES.

Sieges are often the most exciting and eventful passages in war, and attended by greater loss of life and privations and sufferings of every kind than are encountered in battles, or in a protracted campaign. On no other occasion are humane fortitude and endurance so tried, both on the part of the besiegers and the besieged, for the exposures and sufferings of the former in their intrenchments are scarcely less than those of the latter behind their walls and towers. The contest would seem, at times, to have been one of patience rather than of prowess, and to be ultimately determined in favor of that side which had the largest supply of food. The odds are generally in favor of the besiegers, but in some instances they have been obliged to retire and abandon their design for, want of supplies. Seldom, however can the besieged rely on such an occurrence, and hence the necessity of their resorting to more active measures for defence. A town threatened with a siege may be protected against the approaching enemy by inundating the country around; or the troops about to compose its garrison may meet the assailants in the open field and tempt the issue of a battle, which, if successful, ought to be followed by an abandonment of the siege, but which, if it end in a defeat, not only diminishes the number of the defenders but leaves them saddled with their wounded and mourning for their dead. In this situation are the rebel troops at Richmond. They are less able and less willing to prevent the formation of the intrenched lines, which will be brought closer and closer to the beleaguered town by an army largely reinforced, and with renewed consciousness of its ability to resist and successfully to repel any attack, however desperate, on the part of the beseiged. The rebel forces, in the eight days' battles or sallies in which they have been engaged, did not gain any of the advantages sought for under similar circumstances in ordinary sieges. They failed in their attempt to get possession of the immense supply of provisions and other stores collected at the White House and its vicinity for the use of the army of the Potomac. They were unable, after oft renewed and desperate efforts, to break its lines, and, even if they had partially succeeded, there were no friendly convoys of provisions and munitions, nor bodies of troops waiting for such an opening to enter Richmond, and doubly to recruit their hungry, half famished and exhausted companions in arms. They fought well, bravely, desperately, and inflicted heavy losses on our army, but but with what results to themselves? Even if they could claim, which they cannot with truth, a victory, it is a barren one. They are all still beseiged; their losses far exceed, while their ability to bear them falls short of ours. On our side a new and more advantageous position, both in a strategical and a sanitary point of view, has been taken. Whether this movement was the result of a preconceived plan on the part of Gen. McClellan or was forced on him by the impetuosity of the enemy's attack on his right wing, its being conducted and completed as it was must ever redound to his credit as a skilful commander and to that of his men as brave and true soldiers.

LOCAL NEWS ITEMS.

THE SICK AND WOUNDED.—We are very glad to know that the soldiers at the Grove, are being cared for by our citizens, and are being made quite comfortable.—His Honor, Mayor Cranston, sent up yesterday morning, 1000 loaves of bread, 250 lbs. of butter, a large quantity of slippers, pails and urinals; also a variety of useful hospital articles. And what is best of all, the Mayor has men up there upon whom he can fully depend and who will see that these things are all properly distributed.

Several ladies from the vicinity of Broad Street, raised yesterday about fifty loves of bread, a quantity of butter, tea, also shirts, dressing gowns, and articles of various kinds, and went up and distributed them personally, therby seeing that they were not wasted or misapplied. These articles are among those which we enumerated yesterday as the most needed.

The necessity of shirts is plainly manifest from a fact which came under our own observation. We saw several of the men who had been into the water bathing, and before they dressed, for want of clean shirts, were compelled to sit down and go through with the interesting amusement of picking off the vermin.

Two more deaths occurred *yesterday*, making *twenty-one* deaths in all, since the landing at the Grove.

Our word of caution we again iterate, that all persons must beware of distributing articles of food with an indiscriminate hand, among the sick wards.

The two lady nurses, are acting under the appointment of the Sanitary Commission, and are in every way trustworthy. Articles committed to their care will be duly distributed.

As to the matter of "who is to blame," we have nothing in particular to add to our remarks of yesterday. A long article of more than one column or ten columns of *special pleading*, can not and will not make "the crooked, straight"—Somebody is to blame, and when the mist has cleared away from the whole transaction, the blame will settle down upon the proper individual. It is of no avail now, or at any time, to attempt to elude the responsibility or the consequences, *by throwing sand*. It will put out nobody's eyes, but of those concerned in such transaction, *Fiat Justitia*.

MAYOR'S OFFICE, }
Newport, July 9, 1862. }

I acknowledge the receipt of the following sums, in aid of our sick and wounded soldiers, in addition to the amount previously acknowledged:

Previously acknowledged,	$1197,85.

WILLIAM H. CRANSTON, Mayor.

Capt. Partridge of the Fifth Regiment (Duryea's Zouaves.)—Among the killed in the battle of Friday, before Richmond, was Capt. William T. Partridge of Co. I aged 27 years, and junior partner of the firm of Minturn & Partridge, auctioneers, of Hanover-square, in this city. He was the leader of the Rocky Mountain Club of Kings County, in 1856, and by his cordiality and frankness of disposition, as well as by his acknowledged talents and sterling honor, had won for himself a personal popularity and commercial position far beyond his years. He joined the Zouaves upon their organization in this city by Gen. Duryee, and successively filled the posts of commissary, lieutenant, and captain with the ability and popularity that characterized all his efforts. He fell, struck with two fatal balls, while in advance of his Company, leading them to a charge upon the enemy, and within twenty feet of the Rebel ranks. His remains were recovered and have received a soldier's burial near the James River.—*N. Y. Tribune.*

An intelligent gentleman from the South arrived in Louisvill, Ky., last week. He says the armies of the South have been *greatly* reinforced by the application of the Conscription act. He says that in one of the countries which adjoins Montgomery country Alabama, in which there are but two thousand four hundred voters, there are two thousand two hundred soldiers. Our informant believes, and assigns reasons for his belief that there are seven hundred thousand soldiers in arms at the South.

WAR NEWS.

THE WAR DEPARTMENT AND GENERAL McCLELLAN.

INTERESTING CORRESPONDENCE.

Washington, July 9.—The correspondence between the War Department and General McClellan was to-day transmitted to the House in response to a resolution of inquiry.

The latter says, in the course of his explanations, that those who originated the false statements concerning the White House yard and spring, etc, in fact, as stated in my dispatch of the 7th inst., but enemies of the army and the cause in which it is fighting.

They have imposed upon the Surgeon General and caused him to make official representations which on examination prove to be unfounded in fact, and which are disrespectful to his superior officers.

They have unnecessarily occupied the attention of the Secretary of War, and have interrupted the Commander and Medical Director of this army in the midst of the most arduous duties.

THE RHODE ISLAND TROOPS ON THE PENINSULA.—We have advices *from the Second Regiment* to the 3d of July, at which time it was encamped on the James River, not far from City Point. The men were recovering from the fatigue incident to severe marches, exposure and want of rest.

An officer of Battery A reports that five men were slightly wounded in his battery, viz: Sergeant John H. Hammond, privates Simeon M. Sidelinger, James Cooper, Wm. H. Cooper and Wm. H. Slocum.

The following casualties are reported in Weeden's Battery, that lost three guns.

Killed—Corporals G. H. Watson, —— Ward; Elisha D. Thayer, —— Thornby.

Wounded—Lindley M. Knowles, probably fatally; Alfred Luther, very seriously; G. W. Ham, Jr., mortally; J. S. Lovely, mortally; (probably), Corporal W. B. Thompson, probably fatally; Henry Downing, seriously; Jacob Sears, Hezekiah Bennett, slightly; Corporal A. D. McMillan, W. Stears, very slightly; Benjamin Hawkins, slightly; John Fiske, flesh wound in leg; Owen B. Knight, slightly, in scalp.

Died Insane—John J. E. Swan, while the hospital was moving.

Missing—Gideon B. Parker, Oliver Hawins, Thos. Collions, C. A. Dexter.

Capt. Randolph's Battery is reported to have lost one gun.

The following named disabled soldiers have reached New York:

E. K. Sherman, Co. K 2d regiment.

Benj. Hawkins, Co. C, 1st regiment artillery, wounded in thigh.

Stephen Wittersore, 6th battery.

Arrived at Old Point on the 3d, on their way to Annapolis:

Serg't. Joseph M. Wood, Co. F 2d regiment.

James Callahan, Co. F 2d regiment.

A. A. Mowry, Co. I 2d regiment.

On board the Kennebec, at Fort Monroe, 7th, John W. Hart, 2d R. I.; J. S. Crandall, 2d R. I., wounded in the lungs.

A correspondent of the Boston *Journal* writing of the battle of the 25th, in which the 2d Rhode Island was engaged, says:

William C. Bentley, of the 2d Rhode Island; can I ever forget his heroism!—Both his legs were broken by a bomb shell, his wrist and breast mangled, and yet he was as calm as though he suffered no pain. He refused any stimulating drink which might dim his consciousness; he asked only prayer and sent a message to his mother. Then, and not till then, opiates were given, and he slept sweetly and for the last time.—*Prov. Press.*

Beauregard's Army.—Unofficial information states that Beauregard's army—or most of it at least—is still in Mississippi, and that the rebel force at Richmond must, therefore, have been increased by conscription.—*Boston Journal.*

News Summary.

—The Rev. Dr. Scott, who was driven from San Francisco for his secession proclivities, has been invited to take charge of a leading Presbyterian church in Boston.

—The French Princes now in Boston respectfully decline public hospitalities and courtesies tendered by the Mayor. They speak of Gen. McClellan and his army in the highest terms.

—The season at Saratoga is now fairly inaugurated; the tide of travel from all parts of the country is setting in with daily increasing force, and the high carnival of fashionable life is rapidly approaching.

—It is a remarkable fact, that in the fight between the Monitor and Merrimac and the fight between the river fleets at Memphis, the two United States Commanders, Worden and Ellett, were the only persons hurt on our side.

—Capt. Charles E. Fuller, Chief Quartermaster of the Department of the South, has been placed under arrest by General Hunter, charged with frauds against the government, and all the public property in his possession turned over to Capt. J. I. Elwell, Assistant Quartermaster.

—The Washington Mills Company, o Lawrence, Mass., have given notice that the wages of their employes will be raised to what they were some six months ago, or before the reduction of ten per cent. was made, on and after the 1st inst., done in consequence of the improvement in trade.

—A federal wagon train was attacked at Morning Sun, near Memphis, on the 1st of July, by a body of confederate cavalry. A sharp skirmish ensued, which resulted in several Union men being captured and the death of a couple of rebels. The train was saved.

—It is estimated that not less than ten thousand soldiers are now scattered around the Northern and Eastern states, all of whom have fully recovered from their sickness and wounds, and are able to report to their regiments to resume their active service. Numbers of these men are daily returning to the war.

—Two lives were lost in Philadelphia on Monday afternoon, by lightning, one of them a child. The other was that of Victor Edgar, who was standing under a willow tree, when a flash of lightning struck him on the head, tearing his cap in twain, splitting his coat and pantaloons straight from collar to heels as though a knife had cut them, and bursting out his shoes by direct lateral pressure, and hurling him a corpse five feet from the tree.

TO HORSE OWNERS.

DR. SWEET'S INFALLIBLE LINIMENT FOR HORSES is unrivalled by any, in and all cases of Lameness, arising from Sprains, Bruises or Wrenching, its effect is magical and certain. Harness or Saddle Galls, Scratches, Mange, &c., it will also cure speedily. Spavin and Ringbone may be easily prevented and cured in their incipient stages, but confirmed cases are beyond the possibility of a *radical cure*. No case of the kind, however, is so desperate or hopeless but it may be alleviated by this Liniment, and its faithful application will always remove the Lameness, and enable the horse to travel with comparative ease.

Every horse owner should have this remedy at hand, for its timely use at the first appearance of Lameness will effectually prevent those formidable diseases mentioned, to which all horses are liable, and which render so many otherwise valuable horses nearly worthless.

Dr. Mattison's Diuretic Compound,

For Acute and Chronic Gonorrhæa.

This new remedy contains neither Balsam Copaiva, Spirits of Nitre, Cubebs, Turpentine, or any other nauseous drugs, but is an elegant vegetable liquid, pleasant to the taste and smell, greatful to the stomach, cooling, cleansing and healing in its operation and speedily allaying all heat and irritation in the urinary passages. You, therefore, who have been swallowing down *Balsam Copaiva*, either in capsules or mixtures, for months in succession, until with pale face and disordered stomach your breath and clothes are filled with its vile odor; throw away the disgusting mixtures, and send for a bottle of this *New Remedy*, which will not only cure you *at once*, but at the same time it will cleanse the system from the injurious effects of the various mixtures you have been taking so long.

☞ ONE BOTTLE, WHICH LASTS A WEEK, WILL OFTEN EFFECT A PERMANENT CURE.—Price $2,00.

Dr. Mattison's Anti-Syphilitic Syrup,

For Constitutional Syphilis.

No remedy ever discovered has done what has been achieved by this. Under its use every form of constitutional syphilitic taint is speedily cured, and in a few weeks the subtle poison is completely eradicated from the system, and health and strength are permanently restored.

☞ *It was this remedy that cured in a few weeks a gentleman from the South, then stopping at Newport, and for which he presented Dr. M. with $450 besides his bill, after having been under the treatment of the most eminent physicians in Baltimore, Philadelphia and New York for* FIVE YEARS.

One bottle, which lasts a month, will often effect a perfect cure. Price, $10; half size, $5.

Dr. Mattison's Nerve Invigorator.

For Nervous Debility, Loss of Power, Impotency, Confusion of Thought, Loss of Memory, Irritable Temper, Gloomy Apprehensions, Despondency and Melancholy, which may end in Loss of Reason.

This new remedy for that fearful train of mental and physical evils arising from venereal excesses, and secret habits of the young, is composed of the most soothing, strengthening and invigorating medicines to be found in the whole Vegetable Kingdom, which, in combination, form the most perfect Antidote for this obstinate and distressing class of maladies ever yet discovered.—It has now been sent to nearly every State in the Union, relieving the untold sufferings of hundreds who have never seen the inventor, restoring them to comparative health, strength and happiness. *Prices*—Quart bottle, which last a month, $10; half size, $5.

☞ These four GREAT REMEDIES are the result of over twenty years' study and practice, and as now prepared they are known to be the *very best* for their respective purposes, and I am therefore induced to make them public for the mutual benefit of myself and the sick, who otherwise could never avail themselves of their benefits. They are all warranted as represented, in every respect, or the *price will be refunded.*

☞ Prepared and sold ONLY at DR. MATTISON'S REMEDIAL INSTITUTE FOR SPECIAL DISEASES rear No. 28 Union street, Providence, R. I., and sent by express, *secure from observation*, to all parts of the United States.

A WORD OF CAUTION.

☞ It has been estimated that over *Two Hundred Thousand Dollars* are paid to swindling quacks annually in New England alone; and that, too, without *any benefit* to those who pay it. All this comes from trusting, *without inquiry*, to men who are alike destitute of honor, character or skill, and whose *only* recommendation is *their own* false and extravagant *assertions*, in praise of *themselves*. The only way to avoid imposition is to take no man's word, *no matter what their pretensions are*, but MAKE INQUIRY It will cost you nothing, and may save you many regrets; for, as advertising physicians in nine cases out of ten are *bogus*, there is no safety in trusting *any of them* unless you know *who* and *what* they are.

Dr. M. will send *free*, by enclosing one stamp as above, a Pamphlet on DISEASES OF WOMEN, and on *Private Diseases* generally; giving full information, with *the most undoubted references and testimonials* without which no advertising physician, or medicine of this kind is deserving of ANY CONFIDENCE WHATEVER.

☞ Orders by mail promptly attended to. Write your address plainly, and direct to DR. MATTISON, as above. d18-1y

NEW WAR POLICY OF THE GOVERNMENT.

GEN MITCHELL TO TAKE COMMAND UNDER GEN. POPE.

NEW YORK, 10th.

The Wold's Washington despatches says it is not unlikely that the President will issue a Proclamation at an early day announcing a change in the policy of the administration, to wit, a more vigorous prosecution of the war.

Gen. Mitchell is assigned to a command under Gen. Pope and will soon enter upon his duties.

GREAT REBEL CONSPIRACY FOILED.

The Times Washington despatch announces that a discovery has been made by the Government of a great rebel conspiracy which was to have burst upon the country simultaneously with the great battles Before Richmond.

The rising was expected to take place in Tennessee, Kentucky, and Maryland and Jeff. Davis was in the confusion to march on Washington. The first part of the plan, the defeat of Gen. McClellan failed however, and consequently the rest was not attempted.

IMPORTANT IF TRUE.

The Herald's Washington despatch intimates that Beverly Johnson sent to New Orlens with an extraordinary mission from the State Department and power to settle all claims and pass all laws and regulations referring to the relations between the foreign and civil authorities of New Orleans. It is even surmised that he will gradually absorb all civil powers, now entrusted into the hands of Gen. Butler, who will retain the military command of the place.

GEN. POPES ARMY.

POSITION OF AFFAIRS AT THE SOUTH.

NEW YORK,

The World has a statement from a Union man who has just reached this city from Atlanta Gap respecting the position of affairs at the South. From his account it appears, that had the recent contest before Richmond termined in a Confederate defeat, the rebellion would have been ended, as the spirit of the south are almost utterly broken by the long series of rebel defeats. That the rebel army at Richmond previous to the late battles was undoubtedly over 200,000 strong.

Fully one-half of Beauregard's Army passed through Atlanta bound for Richmond to this gentleman's personal knowledge. But a comparatively small amount of cotton has been destroyed at the South, as the planters do what they can to save and not destroy their property. There will be abundance therefore for the needs of commerce whenever the rebellion is ended. The wheat and oat crop of the South is an utter failure, and if corn should also fail famine as well as the other horrors of war will be the fate of the South.

SOUTHERN VIEW OF McCLELLANS ARMY AND MOVEMENTS.

NEW YORK, 10.

A Richmond paper of the 3d, report Magruders and Johnston's Divisions frightfully cut up, and the loss of officers is very great, among the latter are many of the best and bravest of the Southern army. This confessed valor of our men defeated their plan of capturing Gen. McClellan's entire force. It says that the retreat was managed with consumate judgment and the positions of the federal's defended with such stubborness, as to cause very heavy losses on the rebel side.

The number of our prisoners at Richmond is 4500. Gen McCall is at Spottswood House, nothing is said about his being wounded. The death of Jackson is not alluded to. Richmond is so crowded with wounded that it is proposed to put our men on the Islands in James River Rapids, where a large guard is unnecessary.

The rebel army is in danger of complete demoralization. The paper says that when whole divisions turn their backs upon the foe the very safety of the army is imperiled. The same paper suggests the parceling out of the prisoners among the plantations to work, in the place of the negroes who have been stolen or run away.

PROF. L. MILLER'S HAIR INVIGORATOR

AN EFFECTIVE, SAFE AND ECONOMICAL COMPOUND.

FOR RESTORING GRAY HAIR to its original color, without dyeing, and preventing Hair from turning gray.

FOR PREVENTING BALDNESS, and curing it, when there is the least particle of vitality or recuperative energy remaining.

FOR REMOVING SCURF AND DANDRUFF, and all cutaneous affections of the Scalp.

FOR BEAUTIFYING THE HAIR, imparting to it an unequalled gloss and brilliancy making it soft and silky in its texture and causing it to curl readily.

The great celebrity and the increasing demand for this unequalled preparation, convince the proprietor that one trial is only necessary to satisfy a discerning public of its superior qualities over any other preparation at present in use. It cleanses the head and scalp from dandruff and other cutaneous diseases, causes the hair to grow luxuriantly, and gives it a rich, soft, glossy and flexible appearance, and also where the hair is loosening and thinning, it will give strength and vigor to the roots, and restore the growth to those parts which have become bald, causing it to yield a fresh covering of hair.

There are hundreds of ladies and gentlemen in New York who have had their hair restored by the use of this Invigorator, when all other preparations had failed. L. M. has in his possession letters innumerable testifying to the above facts, from persons of the highest respectability. It will effectually prevent the hair from turning gray until the latest period of life; and in cases where the hair has already changed its color, the use of the Invigorator will with certainty restore it to its original hue, giving it a dark, glossy appearance. As a perfume for the toilet and a Hair Restorative it is particularly recommended, having an agreeable fragrance; and the great facilities it affords in dressing the hair, which, when moist with the Invigorator can be dressed in any required form so as to preserve its place, whether plain or in curls—hence the great demand for it by the ladies as a standard toilet article which none ought to be without, as the price places it within the reach of all, being

ONLY TWENTY-FIVE CENTS

per bottle, to be had at all respectable druggists and perfumers.

L. MILLER would call the attention of Parents and Guardians to the use of his Invigorator, in cases where the children's Hair inclines to be weak. The use of it lays the foundation for a *good head of hair,* as it removes any impurities that may have become connected with the scalp, the removal of which is necessary both for the health of the child, and the future appearance of its Hair.

CAUTION.—None genuine without the fac simile LOUIS MILLER being on the outer wrapper, also, L. MILLER'S INVIGORATOR, N. Y. blown in the glass.

SOMETHING MORE VALUABLE THAN SILVER OR GOLD,
BECAUSE
IT WILL RESTORE THE WEAK, REINSTATE THE BLOOD IN ALL ITS ORIGINAL PURITY AND VIGOR.
It is
PROF. O. J. WOOD'S
RESTORATIVE CORDIAL
AND
BLOOD RENOVATOR!

Is precisely what its name indicates, for while pleasant to the taste, it is revivifying, exhilarating and strengthening to the vital powers. It also revivifies, reinstates and renews the blood in all its original purity, and thus restores and renders the system invulnerable to attacks of disease. It is the only preparation ever offered to the world in a popular form so as to be within the reach of all.

So chemically and skillfully combined as to be the most powerful tonic, and yet so perfectly adapted *so as to act in perfect accordance with the laws of nature, and hence soothe the weakest stomach* and tone up the digestive organs, and allay all nervous and other irritation. It is also perfectly exhilarating in its effects, and yet it is never followed by lassitude or depression of spirits.—It is composed entirely of vegetables, and those thoroughly combining powerful tonic and soothing properties, and consequently can never injure. As a sure preventive and cure of

CONSUMPTION, BRONCHITIS, INDIGESTION, DYSPEPSIA, LOSS OF APPETITE, FAINTNESS, NERVOUS IRRITABILITY, NEURALGIA, PALPITATION OF THE HEART, MELANCHOLY, HYPOCHONDRIA, NIGHT SWEATS, LANGUOR, GIDDINESS, AND ALL THAT CLASS OF CASES SO FEARFULLY FATAL, CALLED FEMALE WEAKNESSES AND IRREGULARITIES, THERE IS NOTHING ITS EQUAL.

Also, Liver Derangements or Torpidity, and Liver Complaints, Diseases of the Kidneys, or any general derangement of the Urinary Organs.

It will not only cure the debility following CHILLS and FEVER, but prevent all attacks arising from miasmatic influences, and cure the diseases at once, if already attacked.

TRAVELERS should have a bottle with them, as it will infallibly prevent any deleterious consequences following upon change of climate and water.

As it prevents costiveness, strengthens the digestive organs, it should be in the hands of all persons of sedentary habits.

LADIES not accustomed to much out door exercise should always use it.

MOTHERS should use it, for it is a perfect relief, taken a month or two before the final trial, she will pass the dreadful period with perfect ease and safety!

There is no mistake about it!!
THE CORDIAL IS ALL WE CLAIM FOR IT!! MOTHERS TRY IT!!

And to you we appeal, to detect the illness or decline not only of your daughters before it be too late, but also your sons and husbands, for while the former from *false* delicacy, often go down to a premature grave, rather than let their condition be known in time, the latter are often so mixed up with the excitement of business, that if it were not for you, they, too, would travel in the same downward path until it is too late to arrest their fatal fall. But the mother is always vigilant, and to you we confidently appeal; for we are sure your never-failing affection will unerringly point you to PROF. WOOD'S RESTORATIVE CORDIAL AND BLOOD RENOVATOR as the remedy which should be always on hand in time of need.

O. J. WOOD, proprietor, No. 444 Broadway, New York, and No. 114 Market Street, St. Louis, Mo., and sold by all good druggists Price one dollar per bottle.

Read what the Press say, after thoroughly testing the matter, and no one can have a doubt.

Prof. WOOD'S Restorative Cordial and Blood Renovator is a genuine medicine of real merit, pleasant to the taste and invigorating to the system. While it purifies the blood and soothes the nervous irritation, it aids the organs of digestion to perform their functions, and resist the assault of disease. It is a chemical compound so skilfully combined that while it exhilarates it does not provoke the lassitude which usually follows excitement. A tonic, composed exclusively of vegetable matter it is absolutely beneficial and no ill effects can possibly accompany its use. It is an infallible and speedy remedy for Loss of Appetite, Faintness, Nervous Debility, Neuralgia, Palpitation of the Heart, Falling of the Womb, and other delicate diseases to which woman is subject, for Sickness of the Stomach, Bilious Attacks, Liver Complaints, Costiveness, Dyspepsia, Consumption and a host evils flesh is heir to, it is a certain cure.—*St. Louis Morning Herald.*

PROF. WOOD'S RESTORATIVE CORDIAL.—It is recorded in the Classics that Pysche was once sent to a climate warmer than the West Indies, to procure a sample of the beauty of Prosperine in a box. After some delay the messenger returned, and as soon as the lid of the box was removed, out flew all the ills that flesh is heir to. Fortunately hope was found in the bottom of the box. Prof WOOD'S Restorative Cordial revives the recollection of the story, for it invigorates the blood, aids the organs of digeston, imparts strength to the nervous system, and fortifies the citadel of health, so as to bid defiance to the assaults of disease. It is a healthy tonic, composed entirely of vegetable productions, and while it is exhilarating as pure wine, no injurious results can possibly follow its use. It is a desideratum in the medical world, and those who are afflicted with loss of appetite, Dyspepsia, Consumption, Faintness, Giddiness, Neuralgia, Palpitation of the Heart, &c., will find here an infallible panacea.—*St. Louis Daily Express.*

PROF. WOOD'S RESTORATIVE CORDIAL AND BLOOD RENOVATOR is, without doubt the best tonic Cordial in the world. To those who are suffering from General Debility, we would recommend its use, for it is pleasant to the taste, is strengthening to the system, and will at once tend to remove all impurities of the blood, and eradicate all traces of disease. It can be taken by the weakest stomach, while those in good health will at once feel its exhilarating power. We are confident that after using one bottle of this Cordial none will be for a day without it.—*New York Leader.*

A PURE, HEALTHY TONIC, and one free from the deleterious and injurious effects sure to follow those in ordinary use, has long been felt to be a desideratum in the medical world. Such a tonic, and one so skillfully combined from the vegetable kingdom as to act in perfect accordance with the laws of nature, and thus sooth the weakest stomach, and at the same time allay nervous and other irritations, and tone up all the organs of which the human body is composed, is offered in Porf. WOOD'S Restorative Cordial and Blood Renovator. Hence, it is perfectly adapted to old and young. Reader, try it. Thousands have already done so, and the testimony is universal in its favor.—*New-York Atlas.*

PROF. WOOD'S RESTORATIVE CORDIAL AND BLOOD RENOVATOR, for the cure of General Debility, or Weakness arising from any cause; also, Dyspepsia, Nervousness, Night Sweats, Incipient Consumption, Liver Complaints, Billiousness, Loss of Appetite, Female Weakness in all stages; also to prevent the contraction of disease, is certainly the best and most agreeable Cordial tonic and Renovator ever offered to the afflicted, and so chemically combined as to be the most powerful tonic ever known to medical science. Reader, try it. *It will do you good.* We have no hesitation in recommending it, since we know it to be a *safe, pleasant and sure* remedy for the diseases enumerated.—*New York Dispatch.*

CURE YOUR COUGH FOR ONE DI

The BEST and CHEAPEST Household REMEDY in the World.

Madame ZADOC PORTER'S

Great Cough Remedy

MADAME ZADOC PORTER'S Curative Balsam is warranted if used according to the directions, to cure in all cases, Coughs, Colds, Whooping Cough, Asthma, and all affections of the Throat and Lungs.

MADAME ZADOUC PORTER Balsam is prepared with all the requisite care and skill, from a combination of the best remedies the vegetable kingdom affords. Its remedial qualities are based on its power to assist the healthy and vigorous circulation of the blood, through the lungs. It is not a violent remedy, but emollient,—warming, searching and effective; can be taken by the oldest person or youngest child.

MADAME ZADOC PORTER'S Balsam has been used by the public for over 18 years, and has acquired its present sale simply by being recommended by those who have used it, to their afflicted friends and others.

MOST IMPORTANT.—MADAME ZADOC PORTER'S CURATIVE BALSAM is sold at a price which brings it in the reach of every one to keep it convenient for use. The timely use of a single bottle will prove to be worth 100 times its cost.

NOTICE.—SAVE YOUR MONEY! Do not be persuaded to purchase articles at 4s. to $1 which do not contain the virtues of a 13 ct. Bottle of Madame Porter's Curative Balsam, the cost of manufacturing which is as great as that of almost any other medicine; and the very low price at which it is sold, makes the profit to the seller apparently small, and unprincipled dealers will sometimes recommend other medicines on which their profits are larger, unless the customers insist upon having Madame Porter's and none other. Ask for Madame Porter's Curative Balsam, price 10 cts., and in large bottles at 20 cts. and take no other. If you cannot get it at one store you can at another.

☞ Sold by all Druggists and Store-keepers at 10 cts. and in larger bottles at cts.

AMERICAN & FOREIGN PATENTS

R. H. EDDY.

SOLICITOR OF PATENTS.

Late Agent of U. S. Patent Office Washington, (under the Act of 1837.)

76 State Street, opposite Kilby Street,

BOSTON,

AFTER an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain France, and other foreign countries. Caveats, Specifications, Bonds, Assignments, and all papers or Drawings for Patents, executed on liberal terms, and with despatch. Researches made into American or Foreign works, to determine the validity or utility of Patents or Inventions—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

The Agency is not only the largest in New England, but through its inventors have advantages for securing Patents, of ascertaining the patentability of inventions unsurpassed by, if not immeasurably superior to any which can be offered them elsewhere. The Testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional services so moderate. The immense practice of the subscriber during twenty years past has enabled him to accumulate a vast collection of specifications and official decisions relative to patents.

These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.

All necessity of a journey to Washington, to procure a patent, and the usual great delay there, are here saved inventors.

TESTIMONIALS:

"I regard Mr. Eddy as one of the most capable and successful practitioners with whom I have had official intercourse.

CHARLES MASON,

Commissioner of Patents.

I have no hesitation in assuring inventors that they cannot employ a person more competent and trustworthy, and more capable of putting their applications in a form to secure for them an early and favorable consideration of the Patent Office. EDMOND BURKE,

Late Commissioner of Patent.

Mr. R. H. Eddy has made for me THIRTEEN applications, on all but one of which patents have been granted, and that is *now pending*. Such unmistakable proof of great talent and ability on his part leads me to recommend *all* inventors to apply to him to procure their patents as they may be sure of having the most faithful attention bestowed on their cases and at very reasonable charges"

JOHN MAGAGPT.

During eight months the subscriber, in course of his large practice, made on *twice* rejected applications SIXTEEN APPEALS, EVERY ONE of which was decided in *his favor*, by the Commissioner of Patents.

A NEW MUSIC BOOK,

OR THE

New York Musical Review.

FOR NOTHING!

We have in press, and shall publish in October, "ASAPH, or THE CHOIR BOOK;" a new collection of Church Music for Singing Schools and Choirs, by Dr. Lowell Mason. Dr. Mason's last similar work, published in 1854, reached the enormous sale, in its first year, of over 64,000 copies, which is, we are confident, the largest sale ever enjoyed, in its first season, by any Church Music Book by a single author. The work now in press will embrace *nearly all new matter* culled with great care from numerous sources, such, as it is believed, will be of the highest interest to Choirs and Singing Schools. Its Singing School Department is more extensive and complete than in any previous work, being indeed, a complete work in itself, and forming an extensive collection of secular music, the words, as well as music, to which, are nearly all quite new. Retail price, one dollar.

We publish, also, THE NEW YORK MUSICAL REVIEW, a fortnightly journal of sixteen quarto pages, including four pages of choice music in each number, with twelve pages of reading matter, including frequent articles from the leading musicians of the country, with all the musical news, &c., &c. Subscription, $1,00 per annum.

In view of the present hard times, and with the purpose of obtaining a wide circulation for specimen copies of Dr. Mason's new work, we are induced to make the following liberal offer, viz.: To every one sending us, before 1st November, one dollar, (the price of subscription to the Review,) we will furnish the paper for a year, and also, as soon as issued, a copy of Dr. Mason's new work above announced, thus giving two dollars' worth for one. Those desiring the book sent by mail, must inclose twenty-four cents, to pay postage, in advance.

A CHALLENGE AND A REWARD

$500 REWARD.

I BEG LEAVE to inform my friends and the community, that from recent arrangements made by me, I NOW offer the above reward in good faith, which shall be paid in cash to any chemist or physician of good and responsible standing in the State, who, on due analysis and satisfactory evidence, can find anything in the BRANDIES, WINES, GINS, &c., &c., NOW for sale by me as pure, other than is found in all PURE, GENUINE and UNADULTERATED ARTICLES.

Knowing, from experience, that our citizens in general labor under the impression, with good cause, that pure liquors cannot be had, I, after much pains, studious investigation, and from the reliable source with whom I NOW contract for my supplies in these articles, do stake my reputation as a man, my integrity as a merchant, that if the liquors NOW sold by me as pure "are not so," then none can be had from the vineyards in France or from any part of the world. As a proof of my sincerity, I challenge chemical contradiction, and invite all to come and test for themselves, when they will learn that NOW, "if never before," pure liquors can be purchased in Newport, by bottle or measure, for medicinal or family purposes, as cheap as in any other place in these United States.

WM. ALDERSON, Newport, R. I.

N. B.—The main inducement for all to give me a call is, that my figure for the genuine article is rather less, than more, than is NOW charged for the handsome labeled bottled compounds so extensively sold all over the country. a23

STATE OF RHODE ISLAND AND PROVIDENCE PLANTATIONS.

Executive Department,
Providence, July, 5, 1862.

A PROCLAMATION.

Citizens of Rhode Island:—In the present crisis of our national affairs, no good Union-loving citizen can look upon passing events with apathy and indifference. We are confronted by a bold, unscrupulous and unprincipled enemy in the field, in great strength, who, with almost barbarian ferocity, makes war on our Government and our institutions; who would destroy our liberties, and reduce us to the condition of serfs of a military despotism. To triumph at once over this lawless horde of rebels, and to restore peace and prosperity to our now distracted country, the Government absolutely requires an augumentation of our military force. Rhode Islanders! you will readily and joyfully respond to this call. Let no consideration stand between us and the duty we owe to our country. Let no sacrifice be thougnt too great to be offered on the altar of our country. Carry out the good work you have so nobly begun, and so nobly prosecuted; and by all means, let us give to the great and glorious cause all the aid the exigencies demand. More troops are wanted. Let them be furnished forthwith. WM. SPRAGUE.

SIEGES.

Sieges are often the most exciting and eventful passages in war, and attended by greater loss of life and privations and sufferings of every kind than are encountered in battles, or in a protracted campaign. On no other occasion are humane fortitude and endurance so tried, both on the part of the besiegers and the besieged, for the exposures and sufferings of the former in their intrenchments are scarcely less than those of the latter behind their walls and towers. The contest would seem, at times, to have been one of patience rather than of prowess, and to be ultimately determined in favor of that side which had the largest supply of food. The odds are generally in favor of the besiegers, but in some instances they have been obliged to retire and abandon their design for want of supplies. Seldom, however can the besieged rely on such an occurrence, and hence the necessity of their resorting to more active measures for defence. A town threatened with a siege may be protected against the approaching enemy by inundating the country around; or the troops about to compose its garrison may meet the assailants in the open field and tempt the issue of a battle, which, if successful, ought to be followed by an abandonment of the siege, but which, if it end in a defeat, not only diminishes the number of the defenders but leaves them saddled with their wounded and mourning for their dead. In this situation are the rebel troops at Richmond. They are less able and less willing to prevent the formation of the intrenched lines, which will be brought closer and closer to the beleaguered town by an army largely reinforced, and *with renewed consciousness* of its ability to resist and successfully to repel any attack, however desperate, on the part of the besieged. The rebel forces, in the eight days' battles or sallies in which they have been engaged, did not gain any of the advantages sought for under *similar* circumstances in ordinary sieges. They failed in their attempt to get possession of the immense supply of provisions and other stores collected at the White House and its vicinity for the use of the army of the Potomac. They were unable, after oft renewed and desperate efforts, to break its lines, and, even if they had partially succeeded, there were no friendly convoys of provisions and munitions, nor bodies of troops waiting for such an opening to enter Richmond, and doubly to recruit their hungry, half famished and exhausted companions in arms. They fought well, bravely, desperately, and inflicted heavy losses on our army, but but with what results to themselves? Even if they could claim, which they cannot with truth, a victory, it is a barren one. They are all *still* besieged; their losses far exceed, while their ability to bear them falls short of ours. On our side a new and more advantageous position, both in a strategical and a sanitary point of view, has been taken. Whether this movement was the result of a preconceived plan on the part of Gen. McClellan or was forced on him by the impetuosity of the enemy's attack on his right wing, its being conducted and completed as it was must ever redound to his credit as a skilful commander and to that of his men as brave and true soldiers.

LOCAL NEWS ITEMS.

The Sick and Wounded.—We are very glad to know that the soldiers at the Grove, are being cared for by our citizens, and are being made quite comfortable.—His Honor, Mayor Cranston, sent up yesterday morning, 1000 loaves of bread, 250 lbs. of butter, a large quantity of slippers, pails and urinals; also a variety of useful hospital articles. And what is best of all, the Mayor has men up there upon whom he can fully depend and who will see that these things are all properly distributed.

Several ladies from the vicinity of Broad Street, raised yesterday about fifty loves of bread, a quantity of butter, tea, also shirts, *dressing* gowns, and articles of various kinds, and went up and distributed them personally, therby seeing that they were not wasted or misapplied. These articles are among those which we enumerated yesterday as the most needed.

The necessity of shirts is plainly manifest from a fact which came under our own observation. We saw several of the men who had been into the water bathing, and before they dressed, for want of clean shirts, were compelled to sit down and go through with the interesting amusement of picking off the vermin.

Two more deaths occurred yesterday, making twenty-one deaths in all, since the landing at the Grove.

Our word of caution we again iterate, that all persons must beware of distributing articles of food with an indiscriminate hand, among the sick wards.

The two lady nurses, are acting under the appointment of the Sanitary Commission, and are in every way trustworthy. Articles committed to their care will be duly distributed.

As to the matter of "who is to blame," we have nothing in particular to add to our remarks of yesterday. A long article of more than one column or ten columns of *special pleading*, can not and will not make *"the crooked, straight"*—Somebody is to blame, and when the mist has cleared away from the whole transaction, the blame will settle down upon the proper individual. It is of no avail now, or at any time, to attempt to elude the responsibility or the consequences, *by throwing sand*. It will put out nobody's eyes, but of those concerned in such transaction, *Fiat Justitia*.

Mayor's Office,
Newport, July 9, 1862.

I acknowledge the receipt of the following sums, in aid of our sick and wounded soldiers, in addit ition to the amount previously acknowledged:

Previously acknowledged,	$1197,85.
J. A. Brown,	50,00
A Friend,	10,00
John Neilson,	5,00
Benj. E. Remington,	5,00
	$1267,85.

All sums, large or small, will be gratefully received and properly used for the relief of the sick and wounded of our heroic army.

WILLIAM H. CRANSTON, Mayor.

A Directory.—Mr. W. H. Boyd, we understand, is about preparing a new Directory of our city. Mr. Boyd is in every way well calculated for this work and we hope our citizens will favor him in all possible ways, with such assistance as is in their power.

Lt. Col. Tew.—We clip the following, just observation in regard to Lieut. Col. George W. Tew, from the Newbern correspondent of the Tri bune. It is, at least impartial. The strictures it contains are none the less true because they are not homespun, and let all the people say Amen.

An act of gross injustice has been done to the brave 4th Rhode Island regiment in the appointment of an officer from another regiment to the Colonelcy made vacant by the promotion of Colonel Rodman. Lieutenant Colonel George W. Tew is indeed as I said in my last letter, a good officer, a Christian gentleman and a brave man.—Nothing but political influences, which Governor Sprague should have scorned to be governed by, can have robbed him of the promotion to which experience and merit entitle him. The feeling manifested among the officers and men on learning his suppression, is very marked, and numerous resignations of commissions will in all probability be the result. I have lived in this regiment on the most familiar terms ever since the battle of Roanoke and consider myself in a position to speak understandingly in this matter.

Capt. Partridge of the Fifth Regiment (Duryea's Zouaves.)—Among the killed in the battle of Friday, before Richmond, was Capt. William T. Partridge of Co. I aged 27 years, and junior partner of the firm of Minturn & Partridge, auctioneers, of Hanover-square, in this city. He was the leader of the Rocky Mountain Club of Kings County, in 1856, and by his cordiality and frankness of disposition, as well as by his acknowledged talents and sterling honour, had won for himself a personal popularity and commercial position far beyond his years. He joined the Zouaves upon their organization in this city by Gen. Duryea, and successively filled the posts of commissary, lieutenant, and captain with the ability and popularity that characterized all his efforts. He fell, struck with two fatal balls, while in advance of his Company, leading them to a charge upon the enemy, and within twenty feet of the Rebel ranks. His remains were recovered and have received a soldier's burial near the James River.—*N. Y. Tribune.*

An intelligent gentleman from the South arrived in Louisvill, Ky., last week. He says the armies of the South have been greatly reinforced by the application of the Conscription act. He says that in one of the countries which adjoins Montgomery country Alabama, in which there are but two thousad four hundred voters, there are two thousand two hundred soldiers. Our informant believes, and assigns reasons for his belief that there are seven hundred thousand soldiers in arms at the South.

WAR NEWS.

THE WAR DEPARTMENT AND GENERAL McCLELLAN.

INTERESTING CORRESPONDENCE.

Washington, July 9.—The correspondence between the War Department and General McClellan was to-day transmitted to the House in response to a resolution of inquiry.

The latter says, in the course of his explanations, that those who originated the false statements concerning the White House yard and spring, are, in fact, as stated in my dispatch of the 7th inst., but enemies of the army and the cause in which it is fighting.

They have imposed upon the Surgeon General and caused him to make official representations which on examination prove to be unfounded in fact, and which are disrespectful to his superior officers.

They have unnecessarily occupied the attention of the Secretary of War, and have interrupted the Commander and Medical Director of this army in the midst of the most arduous duties.

The Rhode Island Troops on the Peninsula.—We have advices from the Second Regiment to the 3d of July, at which time it was encamped on the James River, not far from City Point. The men were recovering from the fatigue incident to severe marches, exposure and want of rest.

An officer of Battery A reports that five men were slightly wounded in his battery, viz: Sergeant John H. Hammond, privates Simeon M. Sidelinger, James Cooper, Wm. H. Cooper and Wm. H. Slocum.

The following casualties are reported in Weeden's Battery, that lost three guns.

Killed—Corporals G. H. Watson,—— Ward; Elisha D. Thayer,——Thornby.

Wounded—Lindley M. Knowles, probably fatally; Alfred Luther, very seriously; G. W. Ham, Jr., mortally; J. S. Lovely, mortally; (probably); Corporal W. B. Thompson, probably fatally; Henry Downing, *seriously*; Jacob Sears, Hezekiah Bennett, slightly; Corporal A. D. McMillan. W. Capt. Randolph's Battery is reported to have lost one gun.

The following named disabled soldiers have reached New York.

E. K. Sherman, Co. K 2d regiment.
Benj. Hawkins, Co. C, 1st regiment artillery, wounded in thigh.
Stephen Wiltercore, 6th battery.

Arrived at Old Point on the 3d, on their way to Annapolis:

Serg't. Joseph M. Wood, Co. F 2d regiment.
James Callahan, Co. F 2d regiment.
A. A. Mowry, Co. I 2d regiment.

On board the Kennebec, at Fort Monroe, 7th, John W. Hart, 2d R. I, J. S. Crandall, 2d R. I., wounded in the lungs.

A correspondent of the Boston *Journal* writing of the battle of the 25th, in which the 2d Rhode Island was engaged, says:

William C. Bentley, of the 2d Rhode Island; can I ever forget his heroism! Both his legs were broken by a bomb shell, his wrist and breast maugled, and yet he was as calm as though he suffered no pain. He refused any stimulating drink which might dim his consciousness; he asked only prayer and sent a message to his mother. Then, and not till then, opiates were given, and he slept sweetly and for the last time.—*Prov. Press.*

Beauregard's Army.—Unofficial information states that Beauregard's army—or most of it at least—is still in Mississippi, and that the rebel force at Richmond must, therefore, have been increased by conscription.—*Boston Journal.*

News Summary.

—The Rev. Dr. Scott, who was driven from San Francisco for his secession proclivities, has been invited to take charge of a leading Presbyterian church in Boston.

—The French Princes now in Boston respectfully decline public hospitalities and courtesies tendered by the Mayor. They speak of Gen. McClellan and his army in the highest terms.

—The season at Saratoga is now fairly inaugurated; the tide of travel from all parts of the country is setting in with daily increasing force, and the high carnival of fashionable life is rapidly approaching.

—It is a remarkable fact, that in the fight between the Monitor and Merrimac and the fight between the river fleets at Memphis, the two United States Commanders, Worden and Ellett, were the only persons hurt on our side.

—Capt. Charles E. Fuller, Chief Quartermaster of the Department of the South, has been placed under arrest by General Hunter, charged with frauds against the government, and all the public property in his possession turned over to Capt. J. I. Elwell, Assistant Quartermaster.

—The Washington Mills Company, of Lawrence, Mass., have given notice that the wages of their employes will be raised to what they were some six months ago, or before the reduction of ten per cent. was made, on and after the 1st inst., done in consequence of the improvement in trade.

—A federal wagon train was attacked at Morning Sun, near Memphis, on the 1st of July, by a body of confederate cavalry. A sharp skirmish ensued, which resulted in several Union men being captured and the death of a couple of rebels. The train was saved.

—It is estimated that not less than ten thousand soldiers are now scattered around the Northern and Eastern states, all of whom have fully recovered from their sickness and wounds, and are able to report to their regiments to resume their active service. Numbers of these men are daily returning to the war.

—Two lives were lost in Philadelphia on Monday afternoon, by lightning, one of them a child. The other was that of Victor Edgar, who was standing under a willow tree when a flash of lightning struck him on the head, tearing his cap in twain, splitting his coat and pantaloons as straight from collar to heels as though a knife had cut them, and bursting out his shoes by direct lateral pressure, and hurling him a corpse five feet from the tree.

Special Notices.

TO HORSE OWNERS.

DR. SWEET'S INFALLIBLE LINIMENT FOR HORSES is unrivalled by any, in and all cases of Lameness, arising from Sprains, Bruises or Wrenching, its effect is magical and certain. Harness or Saddle Galls, Scratches, Mange, &c., it will also cure speedily. Spavin and Ringbone may be easily prevented and cured in their incipient stages, but confirmed cases are beyond the possibility of a *radical cure*. No case of the kind, however, is so desperate or hopeless but it may be alleviated by this Liniment, and its faithful application will always remove the Lameness, and enable the horse to travel with comparative ease.

Every horse owner should have this remedy at hand, for its timely use at the first appearance of Lameness will effectually prevent those formidable diseases mentioned, to which all horses are liable, and which render so many otherwise valuable horses nearly worthless.

"COPYRIGHT SECURED!"

GREAT INDIAN REMEDY
For Females.

Dr. Mattison's Indian Emmenagogue.

This celebrated Female Medicine, possessing virtues unknown of anything else of the kind, and proving effectual after all others have failed, is designed for both *married and single ladies,* and is the very best thing known for the purpose, as it will bring on the *monthly sickness* in cases of obstruction, from *any* cause, and after all other remedies of the kind have been tried in vain.

OVER 2000 BOTTLES
have now been sold
without a *single failure,* when taken as directed, and without the least injury to health *in any case.* ☞ It is put up in bottles of three different strengths, with full directions for using and sent by express, *closely sealed,* to all parts of the country.

PRICES—Full strength, $10; half strength, $5; quarter strength, $3 per bottle.

☞ *Remember! This medicine is designed expressly for* OBSTINATE CASES, *which all other remedies of the kind have failed to cure; also that it is warranted as represented* IN EVERY RESPECT, *or the price will be refunded.*

☞ BEWARE OF IMITATIONS! None genuine and warranted unless purchased *directly of Dr. M., or at his office.* ☞ Accommodations for Ladies wishing to remain in the city a short time for treatment.

Dr. Mattison's Diuretic Compound,
For Acute and Chronic Gonorrhœa.

This new remedy contains neither Balsam Copaiva, Spirits of Nitre, Cubebs, Turpentine, or any other nauseous drugs, but is an elegant vegetable liquid, pleasant to the taste and smell, greatful to the stomach, cooling, cleansing and healing in its operation and speedily allaying all heat and irritation in the urinary passages. You, therefore, who have been swallowing down *Balsam Copaiva,* either in capsules or mixtures, for months in succession, until with vile face and disordered stomach your breath and clothes are filled with its vile odor throw away the disgusting mixtures, and send for a bottle of this *New Remedy,* which will not only cure you *at once,* but at the same time it will cleanse the system from the injurious effects of the various mixtures you have been taking so long.

☞ ONE BOTTLE, WHICH LASTS A WEEK, WILL OFTEN EFFECT A PERMANENT CURE.—Price $2,00.

Dr. Mattison's Anti-Syphilitic Syrup,
For Constitutional Syphilis.

No remedy ever discovered has done what has been achieved by this. Under its use every form of constitutional syphilitic taint is speedily cured, and in a few weeks the subtle poison is completely eradicated from the system, and health and strength are permanently restored.

☞ *It was this remedy that cured in a few weeks a gentleman from the South, then stopping at Newport, and for which he presented Dr. M. with $450 besides his bill, after having been under the treatment of the most eminent physicians in Baltimore, Philadelphia and New York for* FIVE YEARS.

One bottle, which lasts a month, will often effect a perfect cure. Price, $10; half size, $5.

Dr. Mattison's Nerve Invigorator.
For Nervous Debility, Loss of Power, Impotency, Confusion of Thought, Loss of Memory, Irritable Temper, Gloomy Apprehensions, Despondency and Melancholy, which may end in Loss of Reason.

This new remedy for that fearful train of mental and physical evils arising from venereal excesses, and secret habits of the young, is composed of the most soothing, strengthening and invigorating medicines to be found in the whole Vegetable Kingdom, which, in combination, form the most perfect Antidote for this obstinate and distressing class of maladies ever yet discovered.—It has now been sent to nearly every State in the Union, relieving the untold sufferings of hundreds who have never seen the inventor, restoring them to comparative health, strength and happiness. *Prices*—Quart bottle, which last a month, $10; half size, $5.

☞ These four GREAT REMEDIES are the result of over twenty years' study and practice, and as now prepared they are known to be the *very best* for their respective purposes, and I am therefore induced to make them public for the mutual benefit of myself and the sick, who otherwise could never avail themselves of their benefits. They are all warranted as represented, in every respect, or the *price will be refunded.*

☞ Prepared and sold ONLY at DR. MATTISON'S REMEDIAL INSTITUTE FOR SPECIAL DISEASES near No. 28 Union street, Providence, R. I., and sent by express, *secure from observation,* to all parts of the United States.

A WORD OF CAUTION.

☞ It has been estimated that over *Two Hundred Thousand Dollars* are paid to swindling quacks annually in New England alone; and that, too, without *any benefit* to those who pay it. All this comes from trusting, *without inquiry,* to men who are alike destitute of honor, character or skill, and whose *only* recommendation is *their own* false and extravagant *assertions,* in praise of *themselves.* The only way to avoid imposition is to take no man's word, *no matter what their pretensions are,* but MAKE INQUIRY It will cost you nothing, and may save you many regrets; for, as advertising physicians in nine cases out of ten are *bogus,* there is no safety in trusting *any of them* unless you know *who* and *what* they are.

Dr. M. will send *free,* by enclosing one stamp as above, a Pamphlet on DISEASES OF WOMEN, and on *Private Diseases* generally; giving full information, with *the most undoubted references and testimonials* without which no advertising physician, or medicine of this kind is deserving of ANY CONFIDENCE WHATEVER.

☞ Orders by mail promptly attended to. Write your address plainly, and direct to DR. MATTISON, as above. d18-1y

NEW WAR POLICY OF THE GOVERNMENT.

GEN MITCHELL TO TAKE COMMAND UNDER GEN. POPE.

NEW YORK, 10th.

The Wold's Washington despatches says it is not unlikely that the President will issue a Proclamation at an early day announcing a change in the policy of the administration, to wit, a more vigorous prosecution of the war.

Gen. Mitchell is assigned to a command under Gen. Pope and will soon enter upon his duties.

GREAT REBEL CONSPIRACY FOILED.

The Times Washington despatch announces that a discovery has been made by the Government of a great rebel conspiracy which was to have burst upon the country simultaneously with the great battles Before Richmond.

The rising was expected to take place in Tennessee, Kentucky, and Maryland and Jeff. Davis was in the confusion to march on Washington. The first part of the plan, the defeat of Gen. McClellan failed however, and consequently the rest was not attempted.

IMPORTANT IF TRUE.

The Herald's Washington despatch intimates that Beverly JohSson sent to New Orllans with an extraordinary mission from the State Department and power to settle all claims and pass all laws and regulations *referring* to the relations between the foreign and civil authorities of New Orleans. It is even surmised that he will gradually absorb all civil powers, now entrusted into the hands of Gen. Butler, who will retain the military command of the place.

GEN. POPES ARMY.

The Washington Star says there is now quite a division of Gen; Popes arm at Front Royal,

POSITION OF AFFAIRS AT THE SOUTH.

NEW YORK,

The World has a statement from a Union man who has just reached this city from Atlanta Gap respecting the position of affairs at the South. From his account it appears that had the recent contest before Richmond terminad in a Confederate defeat, the rebellion would have been ended, as the spirit of the south are almost utterly broken by the long series of rebel defeats. That the rebel army at Richmond previous to the late battles was undoubtedly over 200,000 strong.

Fully one-half of Beauregard's Army passed through Atlanta bound for Richmond to this gentleman's personal knowledge. But a comparatively small amount of cotton has been destroyed at the South, as the planters do what they can to save and not destroy their property. There will be abundance therefore for the needs of commerce whenever the rebellion is ended. The wheat and oat crop of the South is an utter failure, and if corn should also fail famine as well as the other horrors of war will be the fate of the South.

SOUTHERN VIEW OF McCLELLANS ARMY AND MOVEMENTS.

NEW YORK, 10.

A Richmond paper of the 3d, report Magruders and Johnston's Divisions frightfully cut up, and the loss of officers is very great, among the latter are many of the best and bravest of the Southern army. This confessed valor of our men defeated *their plan of* capturing Gen. McClellan's entire force. It says that *the retreat* was managed with consumate judgment and the positions of the federal's defended with such stubbornnss, as to cause very heavy losses on the rebel side.

The number of our prisoners at Richmond is 4500. Gen McCall is at Spottswood House, nothing is said about his being wounded. The death of Jackson is not alluded to. Richmond is so crowded with wounded that it is proposed to put our men on the Islands in James River Rapids, where a large guard is unnecessary.

The rebel army is in danger of complete demoralization. The paper says that when whole divisions turn their backs upon the foe the very safety of the army is imperiled. The same paper suggests the parcelling out of the prisoners among the plantations to work, in the place of the negroes who have been stolen or run away.

NOTICE.—We are daily receiving orders to send by mail some one or more of Dr. Hurd's Dental Remedies, which we cannot fill.—None are mailable except the *Neuralgia Plaster,* which we send in an envelope on receipt of Price (15 cents) and one stamp.—But to accommodate persons in places where the druggists and store keepers are behind the age, we have put up packages in white embossed boxes, seven inches by four, with compartments—each box containing a bottle of *Dr. Hurd's Mouth Wash,* and *Tooth Ache Drops,* a box of *Tooth Powder,* the *Neuralgia Plaster,* and a valuable little Treatise on *Teeth and their Diseases, the best means of preserving them, and the proper treatment of Children's Teeth,* (worth of itself the entire cost to every young man or woman, or parents with young children;) with sundry other necessary articles; price per package, *one dollar,* or six packages for $5, sent by express as directed. As the Express charges are not much, if any, more on a dozen than on one, it is far cheaper to order six or a dozen packages at one time. A large family will want all, or the surplus can be disposed of to neighbors with public benefit, for no one can estimate how much pain, suffering, unhappiness, and disfigurement, expense, loss of time and money would be saved to the country if every family to-day had one of these packages, which, in itself, is a complete set of Dental Remedies. Address WM. B. HURD & CO., Tribune Buildings, New York, and write name and address plainly. Then remittances may be made with confidence. W. B. H. & Co. refer to the Mayor of Brooklyn, to G. W. GRIFFITH, President of the *Farmers and Citizen's* Bank, Brooklyn; to the Editor of the American Manufacturers' Gazette; to Joy, Coe & Co., Publishers' Agents, New York; to P. T. BARNUM, Esq., who knows a good thing when he sees it and who has already ordered a second supply, etc.

1000 Agents Wanted,

To introduce Dr. Hurd's Dental Remedies into every County. Men or women who want to make money quickly, can do better with these articles than anything in market. They are new, useful, low priced, and we are spending thousands in advertising them for the benefit of agents. Boxes of samples, containing a dozen of the one dollar packages above specified, with circulars will be sent on receipt of *seven dollars,* about half price, to any person wishing to test his or her skill in selling with the view of becoming an agent. They can be sold in a day.—

PROF. L. MILLER'S
HAIR INVIGORATOR

AN EFFECTIVE, SAFE AND ECONOMICAL COMPOUND.

FOR RESTORING GRAY HAIR to its original color, without dyeing, and preventing Hair from turning gray.

FOR PREVENTING BALDNESS, and curing it, when there is the least particle of vitality or recuperative energy remaining.

FOR REMOVING SCURF AND DANDRUFF, and all cutaneous affections of the Scalp

FOR BEAUTIFYING THE HAIR, imparting to it an unequalled gloss and brilliancy making it soft and silky in its texture and causing it to curl *readily*.

The great *celebrity* and the increasing demand *for this* unequalled preparation, convince the proprietor that one trial is only necessary to satisfy a discerning public of its superior qualities over any other preparation at present in use. It cleanses the head and scalp from dandruff and other cutaneous diseases, causes the hair to grow luxuriantly, and gives it a rich, soft, glossy and flexible appearance and also where the hair is loosening and thinning, it will give strength and vigor to the roots, and restore the growth to those parts which have become bald, causing it to yield a *fresh* covering of hair.

There are hundreds of ladies and gentlemen in New York who have had their hair restored by the use of this Invigorator, when all other preparations had failed. L. M. has in his possession letters innumerable testifying to the above facts, from persons of the highest respectability. It will effectually prevent the hair from turning gray until the latest period of life; and in cases where the hair has already changed its color, the use of the Invigorator will with certainty restore it to its original hue, giving it a dark, glossy appearance. As a perfume for the toilet and a Hair Restorative it is particularly recommended, having an agreeable *fragrance*; and the great facilities it affords in dressing the hair, which, when moist with the Invigorator can be dressed in any required *form* so as to preserve its place, whether plain or in curls—hence the great demand for it by the ladies as a standard toilet article which none ought to be without, as the price places it within the reach of all, being

ONLY TWENTY-FIVE CENTS

per bottle, to be had at all respectable druggists and perfumers.

L. MILLER would call the attention of Parents and Guardians to the use of his Invigorator, in cases where the children's Hair inclines to be weak. The use of it lays the foundation for a *good head of hair*, as it removes any impurities that may have become connected with the scalp, the removal of which is necessary both for the health of the child, and the future appearance of its Hair.

CAUTION.—None genuine without the fac simile LOUIS MILLER being on the outer wrapper, also, L. MILLER'S INVIGORATOR, N. Y. blown in the glass.

SOMETHING MORE VALUABLE THAN SILVER OR GOLD,
BECAUSE
IT WILL RESTORE THE WEAK, REINSTATE THE BLOOD IN ALL ITS ORIGINAL PURITY AND VIGOR.
It is
PROF. O. J. WOOD'S
RESTORATIVE CORDIAL
AND
BLOOD RENOVATOR!

Is precisely what its name indicates, for while pleasant to the taste, it is revivifying, exhilarating and strengthening to the vital powers. It also revivifies, reinstates and renews the blood in all its original purity, and thus restores and renders the system invulnerable to attacks of disease. It is the only preparation ever offered to the world in a popular form so as to be within the reach of all.

So chemically and skillfully combined as to be the most powerful tonic, and yet so perfectly adapted *so as to act in perfect accordance with the laws of nature, and hence soothe the weakest stomach* and tone up the digestive organs, and allay all nervous and other irritation. It is also perfectly exhilarating in its effects, and yet it is never followed by lassitude or depression of spirits.—It is composed entirely of vegetables, and those thoroughly combining powerful tonic and soothing properties, and consequently can never injure. As a sure preventive and cure of

CONSUMPTION, BRONCHITIS, INDIGESTION, DYSPEPSIA, LOSS OF APPETITE, FAINTNESS, NERVOUS IRRITABILITY, NEURALGIA, PALPITATION OF THE HEART, MELANCHOLY, HYPOCHONDRIA, NIGHT SWEATS, LANGUOR, GIDDINESS, AND ALL THAT CLASS OF CASES SO FEARFULLY FATAL, CALLED FEMALE WEAKNESSES AND IRREGULARITIES,

THERE IS NOTHING ITS EQUAL.

Also, Liver Derangements or Torpidity, and Liver Complaints, Diseases of the Kidneys, or any general derangement of the Urinary Organs.

It will not only cure the debility following CHILLS and FEVER, but prevent all attacks arising from miasmatic influences, and cure the diseases at once, if already attacked.

TRAVELERS should have a bottle with them, as it will infallibly prevent any deleterious consequences following upon change of climate and water.

As it prevents costiveness, strengthens the digestive organs, it should be in the hands of all persons of sedentary habits.

LADIES not accustomed to much out door exercise should always use it.

MOTHERS should use it, for it is a perfect *relief*, taken a month or two before the final trial, she will pass the *dreadful period with perfect ease and safety!*

There is no mistake about it!!

THE CORDIAL IS ALL WE CLAIM FOR IT!! MOTHERS TRY IT!!

And to you we appeal, to detect the illness or decline not only of your daughters before it be too late, but also your sons and husbands, for while the former from *false* delicacy, often go down to a premature grave, rather than let their condition be known in time, the latter are often so mixed up with the excitement of business, that if it were not for you, they, too, would travel in the same downward path until it is too late to arrest their fatal fall. But the mother is always vigilant, and to you we confidently appeal; for we are sure your never-failing affection will unerringly point you to PROF. WOOD'S RESTORATIVE CORDIAL AND BLOOD RENOVATOR as the remedy which should be always on hand in time of need.

O. J. WOOD, proprietor, No. 444 Broadway, New York, and No. 114 Market Street, St. Louis, Mo., and sold by all good druggists Price one dollar per bottle.

Read what the Press say, after thoroughly testing the matter, and no one can have a doubt.

Prof. WOOD'S Restorative Cordial and Blood Renovator is a genuine medicine of real merit, pleasant to the taste and invigorating to the system. While it purifies the blood and soothes the nervous irritation; it aids the organs of digestion to perform their functions, and resist the assault of disease. It is a chemical compound so skilfully combined that while it exhilarates it does not provoke the lassitude which usually follows excitement. A tonic, composed exclusively of vegetable matter it is absolutely beneficial and no ill effects can possibly accompany its use. It is an infallible and speedy remedy for Loss of Appetite, Faintness, Nervous Debility, Neuralgia, Palpitation of the Heart, Falling of the Womb, and other delicate diseases to which woman is subject. For Sickness of the Stomach, Bilious Attacks, Liver Complaints, Costiveness, Dyspepsia, Consumption and a host evils flesh is heir to, it is a certain cure.—*St. Louis Morning Herald.*

PROF. WOOD'S RESTORATIVE CORDIAL.—It is recorded in the Classics that Psyche was once sent to a climate warmer than the West Indies, to procure a sample of the beauty of Proserpine in a box. After some delay the messenger returned, and as soon as the lid of the box was removed, out flew all the ills that flesh is heir to. Fortunately hope was found in the bottom of the box. Prof WOOD'S Restorative Cordial revives the recollection of the story, for it invigorates the blood, aids the organs of digeston, imparts strength to the nervous system, and fortifies the citadel of health, so as to bid defiance to the assaults of disease. It is a healthy tonic, composed entirely of vegetable productions, and while it is exhilarating as pure wine, no injurious results can possibly follow its use. It is a desideratum in the medical world, and those who are afflicted with *loss of appetite*, Dyspepsia, Consumption, Faintness, Giddiness, Neuralgia, Palpitation of the Heart, &c., will find here an infallible panacea.—*St. Louis Daily Express.*

PROF. WOOD'S RESTORATIVE CORDIAL AND BLOOD RENOVATOR is, without doubt the best tonic Cordial in the world. To those who are suffering from General Debility, we would recommend its use, for it is pleasant to the taste, is strengthening to the system, and will at once tend to remove all impurities of the blood, and eradicate all traces of disease. It can be taken by the weakest stomach, while those in good health will at once feel its exhilarating power. We are confident that after using one bottle of this Cordial none will be for a day without it.—*New York Leader.*

A PURE, HEALTHY TONIC, and one free from the deleterious and injurious effects sure to follow those in ordinary use, has long been felt to be a desideratum in the medical world. Such a tonic, and one so skillfully combined from the vegetable kingdom as to act in perfect accordance with the laws of nature, and thus sooth the weakest stomach, and at the same time allay nervous and other irritations, and tone up all the organs of which the human body is composed, is offered in Prof. WOOD'S Restorative Cordial and Blood Renovator. Hence, it is perfectly adapted to old and young. Reader, try it. Thousands have already done so, and the testimony is universal in its favor.—*New-York Atlas.*

PROF. WOOD'S RESTORATIVE CORDIAL AND BLOOD RENOVATOR, for the cure of General Debility, or Weakness arising from any cause; also, Dyspepsia, Nervousness, Night Sweats, Incipient Consumption, Liver Complaints, Biliousness, Loss of Appetite, Female Weakness in all stages; also to prevent the contraction of disease, is certainly the best and most agreeable Cordial tonic and Renovator ever offered to the afflicted, and so chemically combined as to be the most powerful tonic ever known to medical science. Reader, try it. *It will do you good.* We have no hesitation in recommending it, since we know it to be a *safe, pleasant and sure* remedy for the diseases enumerated.—*New York Dispatch.*
